MassRecycle R3 Conference: March 29, Quincy

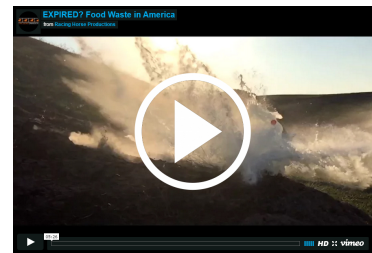

MassRecycle's annual [R3 Recycling & Organics Conference & Trade Show](#) is the largest annual recycling event in Massachusetts. The conference includes presentations, exhibitors, recycling awards, and [a competition](#) for college students.

The agenda includes a presentation by Chris Beling (US EPA Region 1), John Fischer (MassDEP), and Lorenzo Macaluso (Center for EcoTechnology) on the [Commercial Organics Waste Ban](#) and the [Food Donation Guidance](#) on the RecyclingWorks site.

[Register](#) by March 22 to receive a discounted rate.

RecyclingWorks Spotlight: UMass Amherst

UMass Amherst recently [published a report](#) on a residential compost pilot program in one of their dormitories. The report outlines the process, implementation, and results of the initial pilot to collect food waste in North D. An expanded pilot is currently underway in the three other North dorms. RecyclingWorks assisted UMass Amherst in selecting and sourcing equipment for the expanded pilot.
