

Facilities Accepting Packaged Food Material from Massachusetts Businesses for Depackaging

The following list includes two sets of companies:

1. Companies that are currently accepting packaged food materials for de-packaging.
2. Companies that are actively developing depackaging facilities.

Check with each organization on which materials they are currently accepting. Organizations are listed alphabetically and inclusion in this does not imply an endorsement by RecyclingWorks in Massachusetts or MassDEP.

Updated October, 2020.
