MATTRESS**

**MASSACHUSETTS RESIDENTS AND  
BUSINESSES DISCARD  
APPROXIMATELY 600,000  
MATTRESSES AND BOX SPRINGS  
ANNUALLY**

**The average mattress takes up 40 cubic feet. With Americans disposing of roughly 15 to 20 million mattresses annually, mattresses take up 132,000 square miles of landfill each year.**

**Recycling mattresses and box springs can not only help the environment but also help your business save money and be environmentally conscious.**

# GREEN MATTRESS RECYCLING AIMS TO RECYCLE **OVER 300K** MATTRESSES AND BOX SPRINGS IN MASSACHUSETTS A YEAR.

## Recyclable Mattress Components

### **BOX SPRINGS & STEEL INNER-SPRINGS**

Often made from recycled scrap steel to begin with, these can be recycled and made into new steel.

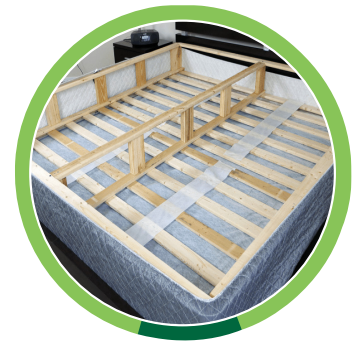

### **MATTRESS FOAM**

May be ground up, mixed with binders and formed into carpet padding or cushions.

### **FABRICS & FIBERS**

A variety of fibers found in mattresses can be recycled into industrial filters or padding.

### **BOX SPRING FOUNDATION WOOD**

Wood may be chipped and used as animal bedding, mulch, or biomass fuel.

## Mattress and Box Spring Waste Ban

- Announced on October 29, 2021
  - MassDEP issued its final 2030 Solid Waste Master Plan, a draft of which was issued for public comment in 2019 and underwent a second public comment period in 2020.
  - MassDEP will expand its current waste disposal bans by **adding mattresses** and textiles to the list of materials banned from disposal or transport for disposal in Massachusetts.
- Effective Beginning November 1, 2022
  - Green Mattress is committed to offering the most convenient and affordable solution to your mattress recycling needs in the state of Massachusetts. Visit our website to learn more about the ban.
